This report does not constitute an official account statement and has been prepared for general information purposes only. The report may not contain all available data concerning your holdings or investments. IPEX reserves the right to modify or change the information contained in these reports at anytime. For all regulatory purposes you should rely upon your official custodian statements.

All account specific information contained in these reports is based upon data obtained directly from the account's custodian. To the extent that any data provided by the custodian is incomplete, outdated and/or inaccurate, the results contained in this report will also be incomplete, outdated and/or inaccurate. Portfolio data is calculated on either a trade date or settlement date basis, depending upon the preference of the account's custodian. All calculations are based on accrual accounting, unless the custodian only offers cash accounting. Historical data, which may pre-date the involvement of IPEX in the account, may have been obtained from the custodian, the money manager, the mutual fund or the client. In the case of mutual funds, while the custodian reports are used for reporting cash flows and market values, the actual performance numbers reported by IPEX are provided by Morningstar, Inc. all rights reserved.

All performance numbers are net of all commission costs, but gross of all management, consultant and custodian fees, unless otherwise specified. In the case of mutual funds, all performance numbers are net of all applicable internal mutual fund fees and expenses.

All performance numbers represent a total rate of return that includes both capital appreciation and income, unless otherwise specified. All performance calculations are based upon a time-weighted rate of return, which minimizes the impact of cash flows. Specifically, performance is calculated monthly, using monthly asset valuations and monthly transactions.
